With land at the price it is and grain the highest ever known it behooves us all to get largest possible production.

IN ORDER TO DO SO

We must keep up the fertility of our soil, not only by feeding more live stock but saving and using every bit of manure possible. Now is the time of the year to manure your farm. We have the famous

MOLINE WAGON BOX SPREADER

Use it to haul out and spread your manure, the increased yield from 10 acres properly manured will pay for it, then swing the body high in your shed or set it off on a convenient frame and you have a dandy farm truck to use on your farm. We want to show you this Spreader. Come and take a look.

Yours for increased vields.
